Others DSA in C

PROJECTS

TO-DO-LIST. ([Try it here](#))

- In this project I have created a simple to-do app using HTML CSS and JavaScript.
- Built a To-Do List application to make a list of daily works written down in one place.
- Implemented functionalities like add task, remove task, filter tasks and also mark tasks as done.

Weather Web App. ([Try it here](#))

- Real-time weather, global locations.
- Forecasts, conditions, user-friendly design.
- Simple search, clear weather icons.

SOFT SKILLS

- **Problem Solving:** Expert problem solver, adept at breaking down challenges and implementing innovative solutions with attention to detail.
- **Leadership:** Leading teams, optimizing operations, driving problem-solving, and fostering clear, concise verbal communication. Demonstrates strong leadership and organizational capabilities.
